18 June 2019

Dear Susan,

The Committee notes that HMRC is due to publish outturn figures for income tax receipts in Scotland for 2017/18 in July. The Committee asks that the SFC provides an evaluation of the Scottish Government's forecast of the 2017/18 income tax receipts published alongside the Draft Budget 2017/18, and which the SFC assessed as being reasonable, against these outturn figures. The Committee asks that this is provided in your annual evaluation report and invites the SFC to give evidence on this report at the Committee's meeting on 11 September.

Yours sincerely,

**Bruce Crawford MSP,
Convener**
