## Finance and Public Administration Committee

Professor Graeme Roy  
Chair  
Scottish Fiscal Commission

**19 March 2026**

Dear Graeme

Thank you on behalf of the Finance and Public Administration Committee for all the support and expertise the Scottish Fiscal Commission has provided over the course of this parliamentary session.

The Commission's excellent publications, evidence, and support have been invaluable in supporting the Committee's robust and effective financial scrutiny over the last five years. We've also appreciated the helpful manner in which you have engaged with the Committee, including ensuring that often complex and technical information is presented in an understandable way and providing insightful briefings to a wider group of MSPs and parliament staff. The Committee also very much welcomes the SFC's drive to continuously enhance its forecasts and other publications, such as producing additional spending analysis and fiscal sustainability reports on long-term challenges including demographic trends and climate change. The Commission's work has been integral in shaping the Committee's scrutiny over the last five years.

You may wish to note that the Committee has published its legacy report for its successor Committee, following a number of evidence sessions in February and March to inform the report, including with the Scottish Fiscal Commission on 3 March. The report can be read here:

As we conclude our Session 6 scrutiny, we wish you and your colleagues well for the future and trust that our successor committee will wish to build on this engagement in Session 7, including in relation to the Parliament's fiscal literacy programme.

Yours sincerely,

**Kenneth Gibson MSP, Convener**
